TEACHING

Undergraduate

1. Fundamentals of Nursing I, 2nd semester (Laboratory)
2. Fundamentals of Nursing II, 3rd semester (Clinical Practice)
3. Cutting-Edge Technologies in Nursing Education and Practice, 3rd semester — Interdivisional course.

Postgraduate

1. Evidence-Based Nursing Care, Protocols and Clinical Practice Guidelines, 3rd semester, MSc Programme in Applied Nursing Science, specialisation in Nephrology Nursing.
2. Evidence-Based Nursing Care of Patients Undergoing Haemodialysis and Peritoneal Dialysis, 3rd semester, MSc Programme in Applied Nursing Science, specialisation in Nephrology Nursing.
3. Organisation and Management of Nephrology Units, 3rd semester, MSc Programme in Applied Nursing Science, specialisation in Nephrology Nursing.
4. Education and Follow-Up of People with Kidney Disease in Hospital and Community Settings, MSc Programme in Applied Nursing Science, specialisation in Nephrology Nursing.
5. Strategies for the Prevention of Kidney Disease, MSc Programme in Applied Nursing Science, specialisation in Nephrology Nursing.
6. The Diabetes Specialist Nurse: Requirements and Applications, MSc Programme in Applied Nursing Science, specialisation in Nursing Management of Children and Adults with Diabetes Mellitus.
7. Self-Management Education for Children and Adults with Diabetes Mellitus, MSc Programme in Applied Nursing Science, specialisation in Nursing Management of Children and Adults with Diabetes Mellitus.

EDUCATION

- **Doctoral Diploma**: Nursing Department, National and Kapodistrian University of Athens, 2023.
- **Postgraduate Diploma**: Master Thesis, Nursing Department, National and Kapodistrian University of Athens, 2018.
- **First Degree:** Nursing Department, National and Kapodistrian University of Athens, 2014.

RESEARCH INTERESTS

1. Basic and Advanced Clinical Skills
2. Simulation-Based Education in the Training of Health Sciences Students and Healthcare Professionals
3. Nursing Workforce and Practice: nursing workload, staffing, quality of care, patient safety, clinical decision-making
4. Research Methodology and Psychometric Assessment of Instruments: translation and cultural adaptation, standardization/validation of research tools

CERTIFICATIONS AND PROFESSIONAL DEVELOPMENT

- 21 September 2026: "The Quality Officer at NKUA: Role, Responsibilities and Practical Tools for Monitoring Processes." Training programme, National and Kapodistrian University of Athens.
- 22–28 September 2026: "Using Artificial Intelligence (AI) and Business Intelligence (BI) Tools in Quality Assurance Processes." Training programme, National and Kapodistrian University of Athens.
- Statistical Analysis with R for Public Health — Specialization. Imperial College London, via Coursera. Specialisation certificate in R programming. Courses: "Introduction to Statistics & Data Analysis in Public Health," "Linear Regression in R for Public Health," "Survival Analysis in R for Public Health" and "Logistic Regression in R for Public Health."
  Certificate ID: COAJN61BYQDF.
- Data Analysis with R — Specialization. Duke University, via Coursera. Specialisation certificate in R programming. Courses: "Introduction to Probability and Data with R," "Inferential Statistics" and "Linear Regression and Modeling." Certificate ID: PVJKQO367VCP.
- Statistical Data Analysis with SPSS. Training programme, Center of Academic Research & Studies, 200 hours.
- Data Visualization in Stata. E-learning course, PACKT, via Coursera. Credential ID: U5OHWTK746VB.
- Advanced and Specialized Statistics with Stata. E-learning course, LinkedIn Learning and National Association of State Boards of Accountancy (NASBA).
- Statistics with SAS. E-learning course, SAS Institute, via Coursera. Credential ID: VHDPNXCOG7O2.
- Basic IT Skills. Training programme, 80 hours. Action 16913, "New Strategy for Lifelong Learning and the National Upskilling System," SUB 2: Cross-Sectoral Upskilling Programmes.
- Introduction to MATLAB: Programming and Data Analysis. Two-day seminar, NKUA Computing Centre, in collaboration with Mentor Hellas: Scientific Engineering Software.

RESEARCH PROGRAMMES

1. "A study of adverse outcomes, hospital costs, nursing workload and staffing in the pediatric ICUs" (Project Code: 16188). Funding: Hellenic Foundation for Research and Innovation (HFRI/ELIDEK). Duration: 36 months. ELIDEK Doctoral Fellowship Recipient (2nd Call for PhD Candidate Fellowships): Alexandra–Stavroula Nieri. Scientific responsible: Professor Margarita Giannakopoulou, Department of Nursing, National and Kapodistrian University of Athens (NKUA). Fellowship amount: €36,000.
